Dear Catherine:

It was an honor for me and my sons to have you as our representative. During this process you showed that you are a great professional and you really love your carrier. My family and I are really thankful with you and the Team that helped us solve our legal situation in this great Country.

And I also want to thank you for all the times I had a question or a needed some information you always answered me with a great pleasure and professionalism.

I write this letter to let you know our deep respect for you and your Team.

Very truly yours,

(
