Dear Mr. Westermeier,

Thank you so very much for your informative and lively presentation this week on copyright. Your program was the kickoff for our monthly Creative Connections meeting which is a networking and information-sharing service we provide for our volunteers here at Access Montgomery. The group was thrilled with the very valuable information you provided and we have received many positive comments.

We very much appreciate your generosity in sharing not only your expertise, but your time as well.

Sincerely,

Laura R. Cooper
