Dear Steve,

You cannot believe the relief I felt when George called me to inform me that the subpoena was quashed. Your hard work and dedication have been the driving force behind this victory, and I am genuinely grateful for the support and assistance you extended to me in this matter.

I am encouraged by the fact that the spirit of volunteerism and solidarity is alive and well in people like you. I wish you continued success and strength in both your personal and professional endeavors.

Sincerely,
Hanan
