On behalf of Candlelighters, we would like to share our appreciation regarding the excellent representation your department provided our organization from Scott McIntosh. Over much of the past year, Mr. McIntosh has worked tirelessly to resolve a complicated, contentious situation that our organization had with one of our affiliates. Mr. McIntosh not only represented our organization with professionalism, patience, and a thorough understanding of the matter, he was able to achieve the best possible outcome for everyone involved.

In addition to the positive resolution, Mr. McIntosh demonstrated the ability to understand the unique complexities of the relationship between our organization and our affiliates. He was then able to communicate to us the need for specific actions and language necessary on our part to strengthen our organization's affiliation agreement, to help deter a similar situation from occurring again.

As with most non-profits, we take our mission very seriously. We represent families across the nation and beyond who have, or have had children with cancer. This is an extremely high stress, high stakes group of constituents, and when our organization is strengthened, cancer children's lives are improved. Mr. McIntosh sincerely appreciated the importance of our work, and through his dedicated work with us has made a significant contribution to our organization.

We recognize that this would not have been possible without your law firm supporting pro-bono work, and we would like to thank you for making a difference in the lives of children with cancer and their families.

On behalf of everyone at Candlelighters Childhood Cancer Foundation,  
Our deepest appreciation,

Janine Lynne, Co-President
