Dear Mr. Krantz,

28 March 2007

I would like to express my sincere gratitude on behalf of the Kosovo Ministry of Justice to DLA Piper for donating the legal services of Ms. Sara Andrews to our Department of Legal Affairs over the past four months. Ms. Andrews has been an invaluable resource for the Department. She has provided much needed training to our legal officers and served as a highly respected legal advisor. Ms. Andrews has been integral to our drafting of the Law on Judiciary and the Law on Public Prosecution. She has provided insightful advice to our lawyers, participated in and helped to organize working groups on the laws, and shared her drafting expertise, much to the benefit of our office as a whole. In addition, the formal training Ms. Andrews and other lawyers from DLA Piper provided to Department legal officers on legislative drafting, legal ethics and litigation was very well received and necessary for the development of the appropriate legal skills within the Ministry of Justice.

Ms. Andrews has approached her work with a truly professional and enthusiastic attitude which has motivated her Kosovar colleagues to a great degree. She has been highly approachable and always willing to go out of her way to assist our legal officers. Her friendly and encouraging demeanor will be sorely missed.

With respect, I remain

Yours sincerely,
